

国際日本空手道協会

【IJKA Official Announcement】

Dear Country Chief Instructors, Head of Every IJKA Dojo and Karate Masters

I would like to collect basic information to build up an IJKA HQ Database and ask for your cooperation.

-Purpose of creating an IJKA HQ Database-

Firstly, sending you the necessary information such as Rules of Dan Grading, Grading Syllabus, Membership Rules and other useful information directly to your email address.

Also, qualifications, membership cards, Dan certification etc. will be sent from Japan according to the database. All of your information will be secured in IJKA HQ Database according to GDPR regulations.

Secondly, receiving information to be aware of your needs being part of the IJKA organization.

We plan to support the members of our organization in certain ways, such as providing more details of Karate techniques; providing information on how to manage your Dojo's finance successfully; providing help for planning and organizing international seminars and competitions in your country...and so on.

Finally, your Dojo's (Karate Club) information will be on our official IJKA website.

You will be able to use it for your Dojo's advertisement.

We attached the IJKA members form.

Please choose the category and fill out the blanks.

After completing this form, please contact Laszlo Vitko sensei (IJKA Hungary) and send it back to him by email to ijka@karate-japan.org.

Respectfully

IJKA International Chief Instructor

Takato Utsumi

内海亨斗
